# SUPPLY & FIT

### Service

At Unity Doors, we don't simply manufacture, we also provide a survey, supply and install service - tailored to meet your specific needs. This comprehensive service includes; surveying, door manufacturing, door installation to the property and residents support. Our specialism is for Replacement Door scheme programmes in the Social Housing sector.

### Dedicated team and qualified installers

Our dedicated and experienced Contracts Managers and Admin Support team will oversee your project from start to finish, working closely with you to help you hit your project timelines. All of our installers are highly skilled to ensure the highest standard of workmanship at all times. All of our installations are third party accredited via BM Trada Q-Mark.

### Survey, supply and install

Working with you and to your schedule, our experienced and skilled surveyors will find a suitable time to conduct door surveys. On completion we'll follow a programme of delivery; processing your requirements and delivering ready-to-install doorsets, to site, to time, ready to be installed by our qualified door installers.

Throughout this process you can be assured of complete transparency - you'll know exactly the status of your project exactly when you need to know. Every part of this service can be tailored to your precise needs.
